In the modern world of the rapid development of technologies, science, medicine and other areas of knowledge, the most important stage is to obtain education. Initially, each of us is enriched with school knowledge, how to go to the college, college, university. Studying for a school desk, given all the places and types of human training, is the simplest stage that requires compared to other effort. In addition, the teachers are absolutely loyally tuned to each student and are always happy to help, and sometimes even go to the meeting.

The learning process on average, medium-special or higher educational institutions more capacious and multifaceted, is distinguished by its complexity, various approaches to the presentation of the material by teachers. As a result, the degree of assimilation of objects is different. Ultimately, each student will have to pass the exam or test. Preparations for the session requires a lot of time costs. Not every student has it in mind the availability of work, sections in sections or for other reasons. Someone is simply not prepared, in the hope of luck. To protect themselves or, as some say, the cribs came up for their own calm. There are different scan. They differ from each other by appearance, use, size, manufacturing method. An important criterion is the degree of efficiency of the crib, that is, how correctly it is made up and understandable to you, as well as the ability to use it at the right moment.

So, consider the main varieties of cribs:

As you know, the exam is allowed to bring a small bottle of water for yourself. Young craftsmen have adapted to replace the beverage label on actually made with entries that simplify the exam. Many brought a mobile phone equipped with a large number of educational applications, the Internet. Here the main thing is to use correctly, so that the teacher does not notice, otherwise it threatens not to pass the exam. An effective way is the "third hand". That is, the student puts the sleeve on the desk from the sweaters, jacket, etc., and leaves his hand under the desk, deftly taking advantage of the mobile phone. This case is also devoted to a mobile phone, in particular, it is possible to attach to a micro headphone. This method is convenient when the theoretical material is delivered, when the response interlocutor dictates a ticket response. With a micro-handler and a telephone using Bluetooth technology, it is possible to connect another useful gadget - a GPS handle having a built-in microphone. This makes it possible to inform your exam questions to a friend, and then listen to the answers through the headphone. Most modern organizers, in appearance, no difference from the calculator, allowed for use. In their memory, it is possible to introduce large amounts of information and practically "legally" to use. Girls manage to make a "manicure to help." On their marigolds, they are very finely written any formulas, basic concepts, key phrases. This cheat sheet is very convenient and not noticeable.

Very convenient to put the crib in the sleeve. Typically make records, turn the harmonica and attach a rubber band to the wrist. Making sure that the teacher does not look at you, you can push the

sleeve of clothes and see your records.

There are knobs with an imperceptible attached notepad, which can be deployed at the right moment to write off. As for the practical attributes and types of clothing for accompanies, the shoe sole, women's stockings, jacket pockets, belt are often used. Some leave barely noticeable records in advance on the desk. A good option is chewing paper, absolutely not harmful to the body. You can calmly write off, and when the teacher will notice you, then just eat this piece of paper, because no one forbade food on the exam!

Fans of exotic can be recommended to make temporary tattoos in the form of cribs: drawings, tables, graphics. Whoever did not say, but dropping all the morals and philosophical discussions, objectively looking at things and appreciate everything "for" and "against", of course, it is fair to say that even the best and most original cheat sheet in the long run will not be able to replace good training. Yes, it is difficult, and sometimes it seems that it is impossible. It is important to always remember that the cheat sheet is designed to help in preparation, but not to replace it. Easy to study, by the way, the training and development of memory are called on, and the materials posted on various sites are designed. Whatever the cribs you do, whether you will have the opportunity to take advantage or make them for your own calm, remember that while you make a crib, you remember the material. This fact is an undoubted advantage of promoting a positive evaluation for the exam.
